If you think you can obtain most of the data I wish in one day time, I will be glad to pay 3⁰⁰, the amount you suggest, for that length of time.

My great grandfather Joseph Johnson was born about 1785 and married Sallie Dare about 1806. I would

like to secure the definite dates;
also the name of his father and
maiden name of his mother
and where his parents were born.
I think he was born in Isle of
Wight is., but am not certain.
Possibly his marriage record
shows the date of birth of his wife
Sallie Hale and the names of her
parents. Any other facts concerning
them would be very greatly
appreciated

Very truly yours
Charlotte Johnson

Mr Lewis L. Chapman

Dear Mr Chapman -

I had been called
away from home when
your message came and
am just beginning to catch
up the backlog of my
correspondence now.
I am enclosing a check
for '3⁰⁰ hoping that -

may be able to secure some
of the date of birth Johnson
records we would like to
secure for our family records.

Were there other children in the family?

What was their father's name?

Is it date of his birth?

What was their mother's maiden name?

Is it date of her birth?

We suspect her maiden name
was Duck but are not sure of that.

Joseph Johnson named one of
his sons Timothy Duck the 2nd.

his mother's father!

My data is quite complete for
father's paternal line but
his maternal line is little
known - My only reason for
giving you the paternal line
is the possibility that it
may help in determining

the family relationship
between Jervis and
Melissa L Johnson who
were married 4-27-1831.

I know the realistic
idea as to how you go
about securing genealogical
data nor how much time
such research consumes
but at least I am hoping
that you can put in a
day & report something as
to possibilities -

Very truly Charlotte Johnson

had a query (lost) as to whether the

with both the and Tappan.
